Message from Chairperson of

Louth Local Sports Partnership

On behalf of the Committee of Louth Local Sports Partnership, it gives me great pleasure to welcome the publication of the 2025 Annual Report.

This report reflects another year of significant progress, growth, and positive impact across Co. Louth. We are particularly encouraged by the continued increase in participation numbers across our programmes, demonstrating a growing level of accessible opportunities for sport and physical activity within our communities. This upward trend is a testament to the inclusive and proactive approach taken by Louth Local Sports Partnership in meeting the needs of people of all ages, abilities, and backgrounds.

A standout development in 2025 has been the launch of the SportUile project in Drogheda. This innovative initiative represents an important step forward in strengthening community connections and providing inclusive, accessible opportunities for those who may face barriers to participation. It reflects the Partnership's commitment to ensuring that everyone has the opportunity to be active and to experience the many benefits of sport and physical activity.

On behalf of the Committee, I want to place on record our sincere appreciation to the entire team at Louth Local Sports Partnership. Their dedication, professionalism, and passion continue to drive the organisation forward. The staff consistently go above and beyond in designing and delivering high-quality programmes, building strong community partnerships, and ensuring that participation in sport and physical activity remains welcoming and enjoyable for all. Their work is at the heart of everything the organisation achieves.

I would also like to acknowledge and thank all past and present members of the LSP Committee for their ongoing commitment and valued contribution. We are equally appreciative of the continued support from Sport Ireland and Louth County Council, whose investment enables the sustained development of sport and physical activity throughout the county.

As we reflect on the achievements of 2025, we remain focused on the future and on building even greater opportunities for participation. Together, we will continue our shared ambition of creating a healthier, more active, and more inclusive Co. Louth.

Is mise le meas,

Chairperson

Louth Local Sports Partnership

Foreword from the Head of Sport

Louth County Council

It gives me great pleasure to present the 2025 Annual Report for Louth Local Sports Partnership.

2025 has been another highly successful and progressive year for Louth Local Sports Partnership, marked by continued growth in participation, strengthened partnerships, and a deepening impact across communities throughout Co. Louth. Building on the momentum developed in recent years, we have continued to evolve as an organisation - ensuring our structures, programmes, and strategic focus remain responsive to the needs of our County and aligned with national policy and best practice.

With the continued support and investment of Sport Ireland and Louth County Council, we are well positioned to meet future opportunities and challenges in the promotion and development of sport and physical activity.

Through 2025 we have seen increased numbers of individuals, families, and communities engaging with Louth LSP supported activities and this growth spans all age groups and abilities, reinforcing our commitment to lifelong inclusive participation.

A particularly significant milestone during the year has been the commencement of the SportUile project in Drogheda. Crucially, the project is not only about increasing participation, but about driving meaningful and lasting social change, using sport and physical activity as a tool to build confidence, strengthen community cohesion, improve wellbeing, and create more inclusive environments where everyone feels they belong.

Throughout 2025, Louth LSP has continued to strengthen its relationships with local sports clubs, schools, disability services, community organisations, and other key stakeholders. Central to this work is our collaboration with the community of dedicated volunteers who are the backbone of sport in Co. Louth. Their commitment, energy, and passion enable sport to thrive at grassroots level, and our role in supporting, developing, and recognising these volunteers remains a core priority.

Initiatives such as walking programmes, inclusive cycling, women in sport initiatives, youth leadership development, and targeted club support interventions have ensured that opportunities for participation are available in communities right across the county. We have also continued to place a strong emphasis on inclusion, ensuring that underrepresented groups are supported to engage in meaningful and sustained physical activity.

This Annual Report provides a comprehensive overview of the scale and impact of our work throughout 2025, It highlights our progress across several key areas, including:

- The continued growth in participation across all Louth LSP supported programmes
- The delivery of high quality, inclusive initiatives and events throughout the county
- The provision of targeted supports to clubs and organisations to enhance capacity and sustainability
- The recognition, development, and celebration of volunteers at grassroots level

I would like to take this opportunity to sincerely acknowledge the outstanding contribution of the Louth LSP staff team and the wider Sports unit of Louth County Council.

Their professionalism, expertise, and unwavering commitment are at the heart of everything we achieve, driving participation and strengthening communities across Louth.

Finally, I would like to extend my sincere thanks to the LSP Committee, our partner agencies, schools, clubs, and community organisations for their continued collaboration and support. The progress we have made in 2025 is a direct result of this collective effort and shared vision.

As we look ahead, we remain committed to building on this success, continuing to expand participation, deepen inclusion, and strengthen the role of sport and physical activity in enhancing the health and wellbeing of all who live in Louth.

Head of Sport
Louth County Council & Louth LSP

Section 1

Background, Resources and Funding

1

1.1. Introduction

Louth Local Sports Partnership aims to provide participation opportunities in sport and physical activity for all members of the community in Louth and implement programmes and initiatives throughout the county for target groups that have lower levels of participation or groups who have additional barriers to overcome to allow them to engage in sport and physical activity regularly. To achieve this Louth LSP works collaboratively with a wide range of stakeholders and partners at local and national levels.

Louth LSP operates within the structure of Louth County Council's Sports Unit and is guided by a committee comprised of local stakeholders and representatives in local sport, community, education, and health organisations. Key to the success of the sports partnership is developing and maintaining strong working relationships with partners throughout Co. Louth and beyond, including local sports clubs, NGBs, community groups, schools, volunteers, and the wider community.

In 2025 Louth LSP organised and delivered a wide range of training courses, workshops, participation opportunities and specific events for all ages and abilities. Our Annual Report will provide a broad overview of our work and achievements in 2025.

Strategic Context

Louth Local Sports Partnership's work is guided by national and local policies that promote increased participation in sport and physical activity. The National Sports Policy 2018-2027 sets a target of increasing adult participation in sport and physical activity from 50% to 60% by 2027, with a particular focus on groups that are traditionally underrepresented, including people with disabilities, women and girls, disadvantaged communities, ethnic minorities, and members of the Traveller community.

Louth LSP plays a key role in delivering these objectives locally through the support and investment of Sport Ireland. Our programmes are also aligned with the National Physical Activity Plan, Healthy Ireland, and Louth County Council's Local Economic and Community Plan, ensuring sport and physical activity contribute to broader health, wellbeing, and community development outcomes.

We remain committed to an evidence based approach, using participation data, research, and local needs analysis to inform programme planning and investment. Through strong partnerships with community organisations, schools, health services, sporting bodies, and local authorities, Louth LSP delivers inclusive and sustainable opportunities that help more people across Co. Louth to be active and enjoy the benefits of sport and physical activity.

1.2. Sport Ireland LSP Funding

For 2025, the Sport Ireland investment continued to increase across the network of 29 Local Sports Partnerships, with a total investment of €11,945,000. Local Sports Partnerships are a key driver of Sport Ireland's Participation Plan and provide Sport Ireland with an excellent mechanism to enable the ongoing development of quality sport and physical activity opportunities in communities across the country.

The Sport Ireland investment for 2025 supported LSPs to further expand their work and continued to enhance communities' ability, especially those who face disadvantage, to participate in sport and physical activity. It underpinned how LSPs embedded Sport Ireland's vision at a local level. It supported LSP staff to establish and promote delivery of sport and physical activity opportunities with continued strong programme funding, promotional budgets, and club and community development funds.

The coordinated investment strategy maximises the impact of the LSP resources while building partnerships and capacity through local community sport and physical activity investment.

Key Themes of the Sport Ireland 2025 Local Sports Partnership Investment

1 Programmes and Development

In 2025, Sport Ireland maintained the level of investment to support LSP programme funding of €982,938. By investing in the development and implementation of targeted programmes and leveraging the support provided to clubs to encourage them to engage with underrepresented groups, this investment supported the delivery of Actions 5, 6, 9, 14, and 28 of the National Sports Policy.

2 Programme Managers

Sport Ireland invested €1,302,521 for the continued employment of a Programme Manager in each LSP. The role focuses on supporting the management function, the development of the community and club initiatives as well as the coordination of programmes in the LSP. This role brings the minimum number of staff in each LSP to 6 people and further facilitates the ability of the LSP to build and maintain a consistency of opportunities in each county in Ireland.

3 Sports Inclusion Disability Officers (SIDO)

The National Sports Policy, Action 12 specifically related to the following:

'In addressing the disability gradients in participation we will explore the possibility of introducing a national network of Sports Inclusion Disability Officers (SIDOs) aligned to the LSP network. These SIDOs would be expected to work closely with relevant NGBs, the disability sector, leisure centre providers, Active Disability Ireland and other stakeholders in providing opportunities for people with disabilities to take part in sport'.

Established in 2018, with a national rollout in 2019, the SIDOs encourage and facilitate more people with disabilities to participate in sport and physical activity and develop sustainable clubs and programmes in all settings. In 2025, Sport Ireland invested €1,217,000 for the continued employment of a SIDO in each LSP and for resources required to deliver Sport Ireland's Sports Inclusion Disability programme, achieving the National Sports Policy objective.

4 Community Sports Development Officers (CSDO)

Sport Ireland increased the investment in the LSP network for the employment of CSDOs in each of the 29 LSPs from €1,015,000 in 2024 to €1,174,000 in 2025. The increase in the 2025 funding is to ensure the continued stability of the CSDO programme by furthering the contribution towards the salary costs of these roles. The CSDOs are tasked with increasing the reach of LSPs in at risk groups and activating local communities through a variety of means including the co-ordination of targeted programmes and training initiatives for clubs and communities. The CSDOs also support the objectives of Action 46 of the National Physical Activity plan to 'strengthen and enhance the capacity of the LSPs to further develop locally led plans and more long term sustainable physical activity programmes'.

5 Additional LSP Officers

In 2025, Sport Ireland invested €1,260,000 to maintain roles across the 29 LSPs to cover the following priority areas; Governance & Finance, Community and Club Development, Ethnic Diversity, Outdoor Sport Development, Promotion and Building Awareness, Women in Sport, and Administration support. These officers differ across the LSP network to support local needs and does not include the LSP Coordinator or already established Administrative positions.

6 Women in Sport

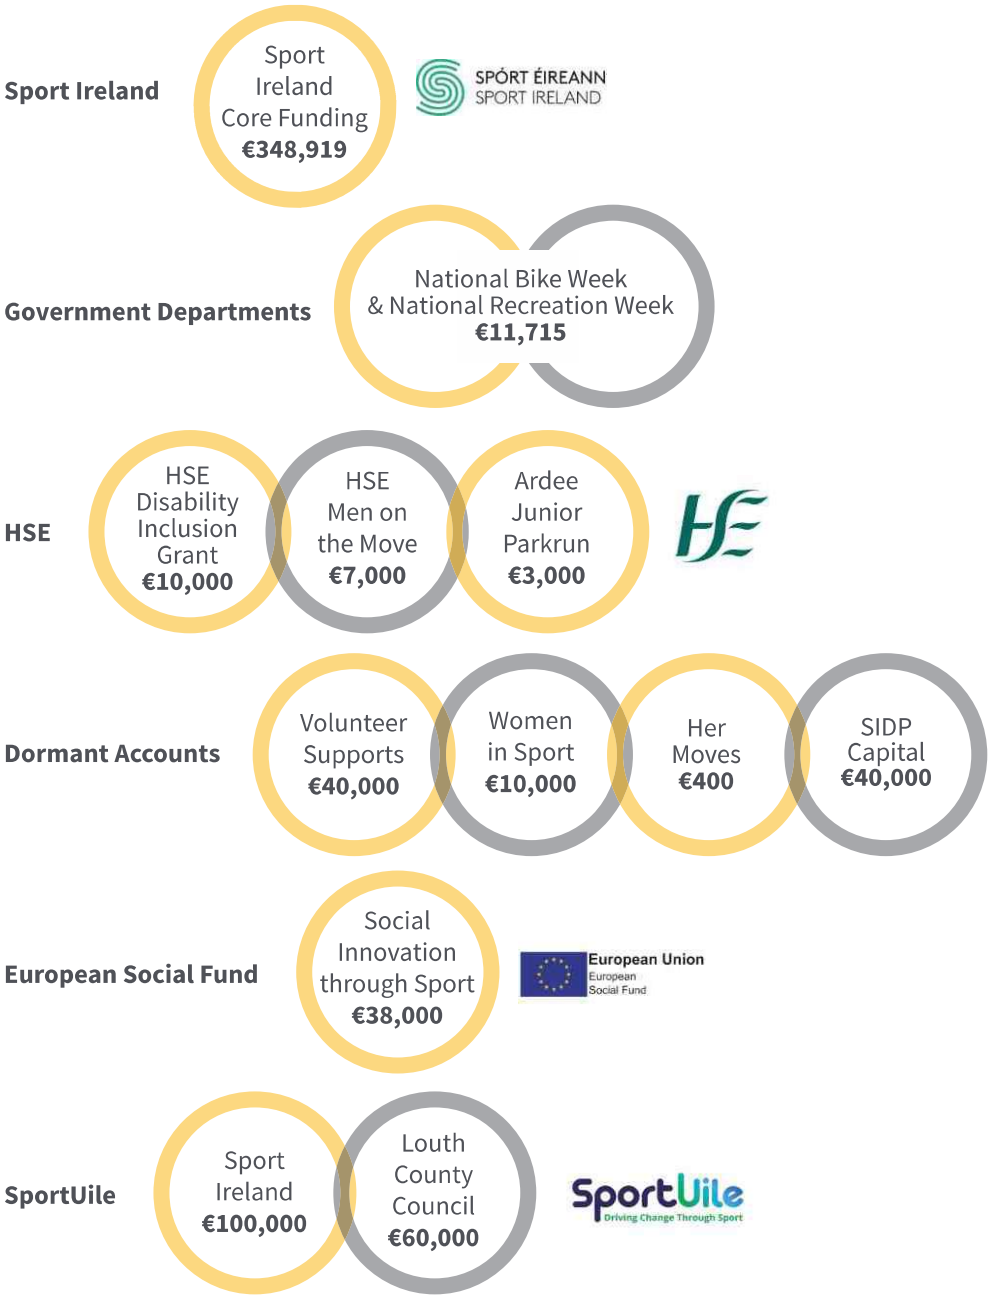

The Women in Sport allocation to the LSPs in 2025 was €415,000 an increase in investment from €227,000 in 2024. The LSPs continue to work with the Sport Ireland Women in Sport lead to deliver initiatives for female target groups including women in disadvantaged communities, women with a disability, older women, women from ethnic minorities, and teenage girls. The LSPs also explore ways of increasing female social participation in sport through club membership and volunteerism.

7 Operational Costs and Marketing

Sport Ireland allocated €1,260,000 towards the core operational costs and marketing of the LSPs. The investment allows for the continued day-to-day operations of the LSPs. Additionally strengthened visibility and awareness of LSPs through investment in marketing will increase recruitment of volunteers, local investment and most importantly reach the most challenging target groups. In order to deliver on Actions 6,7, and 9, of the National Sports Policy, LSPs must be resourced ‘to promote the broadest possible participation ensuring quality and accessibility for all groups’.

1.3. LLSP Funding in 2025

In 2025 Louth Local Sports Partnership secured €669,034.23 to deliver on our remit from a variety of sources including Sport Ireland, HSE, Dormant Accounts, Dept. of Transport, and Dept. of Children, Disability and Equality.

1.4. LLSP Staff & Committee

LLSP core staff members are funded by Sport Ireland while other Local Sports Partnership personnel are funded through other sources. Along with Coordinators and Administrators, there were 29 Community Sports Development Officers (CSDOs) and 29 Sports Inclusion Disability Officers (SIDOs) supported through Sport Ireland funding within the LSP network in 2025. This increased staffing levels to a minimum of 4 positions in all 29 Local Sports Partnerships and delivered on Action 12 of the National Sports Policy which specifically relates to the following:

"In addressing the disability gradients in participation, we will explore the possibility of introducing national network of Sports Inclusion Disability Officers (SIDOs) aligned to the LSP network. These SIDOs would be expected to work closely with relevant NGBs, the disability sector, leisure centre providers, the ACTIVE DISABILITY IRELAND Centre and other stakeholders in providing opportunities for people with disabilities to take part in sport".

There were seven full time members of staff in LLSP during 2025.

Coordinator – **Graham Russell**
Programme Manager – **Odhrán Doherty**
Administrator – **Áine McDonald** – resigned April 2025
Administrator – **Gavin Duffy** – appointed July 2025
Senior Sports Officer – **Ryan McShane** – appointed August 2025
ESF Officer – **Julie Duffy** – appointed July 2025
Community Sports Development Officer – **Barry Casey**
Sport Inclusion Disability Officer – **Julie Duffy** – resigned July 2025

Louth LSP Committee & Governance

In 2025, the Louth LSP Committee continued to provide strong leadership and oversight, with four committee meetings held throughout the year. Committee members bring a diverse range of expertise across governance, strategy, public relations, health, disability, physical activity, and sport, helping to guide and support the work of the organisation.

Louth LSP remained fully compliant with the Governance Code for Sport, with the annual Statement of Compliance approved and signed at the September Committee meeting. Financial accounts were prepared, reviewed, and approved in accordance with the financial procedures of both Louth County Council and Sport Ireland.

Louth LSP also maintained compliance with Sport Ireland's gender balance requirements, ensuring an appropriate balance of representation within its governance structures. Through its commitment to good governance, transparency, accountability, and continuous improvement, the Committee continues to play a key role in supporting Louth LSP's strategic vision of increasing participation in sport and physical activity across Co. Louth.

Section 2

Achievements of Louth Local Sports Partnership in 2025

2

2.1. Introduction

2025 was a busy year for Louth Local Sports Partnership. We delivered 543 programmes, events, initiatives and education opportunities across the county.

These initiatives engaged 22,987 participants, reflecting growing demand for our services, the strength of our partnerships, and our ongoing commitment to making sport and physical activity accessible to everyone in Co. Louth.

Our work is delivered through four key pillars:

1. **Increased Participation**
2. **Sustainable Infrastructures**
3. **Education and Training**
4. **Information Hub**

Breakdown of key participation figures:

9,536

YOUTH PARTICIPANTS
A testament to our investment in Youth Leadership, school partnerships, and youth participation programmes.

5,202

FEMALE PARTICIPANTS
Reflecting strong engagement through initiatives such as Her Moves, HER Outdoors Week, and female social sport participation programmes.

3,672

TEENAGE FEMALE PARTICIPANTS
Addressing one of sport's most significant challenges of retaining teenage girls in physical activity through targeted, supportive programming.

2,241

PARTICIPANTS WITH DISABILITIES
Demonstrating LLSP's commitment to inclusivity and the success of initiatives such as disability cycling, Football for All, and inclusive training for coaches and volunteers.

These figures represent not only the volume of engagement but also the diversity and depth of our impact. Our work continues to evolve in response to changing community needs, and we are proud to see growth in every key demographic group.

2.2. Development of Local Sports Clubs and Communities

A key focus for Louth Local Sports Partnership, and all LSPs, is that there is a sustainable level of development within the local sports structures. Louth LSP works with clubs and groups to ensure that structures are in place to enable participation for all community members in a wide range of sport or physical activity opportunities. This sustainable environment is facilitated through supporting volunteers and coaches in opportunities to enhance their skills and improve the quality of sports participation in their communities.

Funding for Clubs & Community Support

Small Club Grant

In 2025, Louth Local Sports Partnership provided a total of €33,303 in funding support through our Small Club Grant to 51 club and community groups in Co. Louth. The table below provides a breakdown of funding distributed locally through 2025 to support the provision of sport and physical activity in Louth.

Club	Programme Overview	Amount
Ardee, Boyne & Carlingford Rugby	Her Moves Teenage Girls Programme	€1,500
Ardee Rugby Club	Development of Inclusive Rugby Team	€1,000

Dundalk Traveller Women's Group	Community Physical Activity Programme	€500
Redeemer Family Resource Centre	Community Physical Activity Programme	€750
Redeemer Bowls Club	New Club Development	€1,000

Club Development

Louth Local Sports Partnership works closely with sports clubs, community groups, and activity providers across Co. Louth to strengthen existing opportunities and support the development of new pathways into sport and physical activity.

During 2025, Louth LSP supported the establishment of five new clubs and community-based activity groups, further enhancing the range of sporting opportunities available across the county.

These clubs were:

Club	Activity	Location
Kilkerley Athletics Club	Athletics	*Kilkerley*
Oriel Pickleball Club	Pickleball	*Dundalk*
Redeemer Bowls Club	Indoor Bowls	*Dundalk*
Drogheda Pickleball Club	Pickleball	*Drogheda*
Carlingford Pickleball Club	Pickleball	*Carlingford*

In addition to supporting the creation of new clubs, Louth LSP provided practical assistance in areas such as governance, strategic planning, policy development, and club sustainability. This support helps clubs build strong organisational structures, adopt best practice, and create welcoming environments that encourage participation helping to ensure the growth, sustainability, and accessibility of sport and physical activity opportunities throughout Co. Louth.

2.3. Training & Education

To strengthen the volunteer and coaching capacity in sports clubs and community groups, Louth LSP facilitated 93 training workshops and courses throughout 2025.

Courses offered included:

- **Safeguarding Training (Levels 1, 2, 3)**
- **Disability Inclusion**
- **Autism in Sport**
- **Coaching Teenage Girls**
- **Coaching Children**
- **Physical Literacy**
- **Youth Sports Leadership**
- **TY Sports Leadership**
- **Walk Leader Training**
- **Pilot Training**
- **Sport Inclusion & Disability Awareness**
- **Sports First Aid**

This investment in education and training contributes to the development and inclusivity of local sports structures and helps build confidence among both new and existing volunteers.

2.4. Overview of Training and Education Courses delivered in 2025

The information below illustrates the breakdown of Louth Local Sports Partnerships Training and Education courses for 2025:

Safeguarding

Sport Ireland's Safeguarding programme facilitated locally by Louth Local Sports Partnership is aimed at sports leaders and adults who are involved in the organisation of sport for children and young people. The goal of the programme is to promote awareness of best practice and legal requirements in safeguarding and child protection. To advance this function, Sport Ireland offers three workshops in safeguarding and child protection.

The details of these workshops are outlined below:

Safeguarding 1 Child Welfare & Protection Basic Awareness	Safeguarding 2 Club Children's Officer	Safeguarding 3 Designated Liaison Person
All Coaches, Children's Officers and Designated Liaison Persons must first complete the 3 Hour Child Welfare and Protection Basic Awareness Workshop. This Workshop educates participants on the implementation of best practice and legal requirements in protecting the welfare of children involved in sport	A person appointed to the Club Children's Officer position in a club must complete Safeguarding 1 (Child Welfare & Protection Basic Awareness Workshop) and follow this with the Club Children's Officer 3 Hour Workshop. This Workshop will help the Club Children's Officer to carry out the function of their role in the club and support the implementation of best practice around safeguarding in the club	A person appointed to the Designated Liaison Person position in a club must have completed Safeguarding 1 (Child Welfare & Protection Basic Awareness Workshop) and should complete the Designated Liaison Person 3 Hour Workshop. A club may appoint the same person to both the CCO and DLP positions however best practice advises that they are kept as separate roles

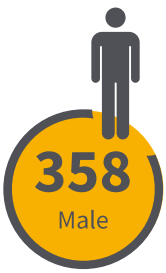

Safeguarding courses delivered in 2025

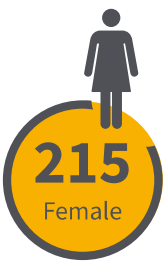

In 2025, Louth Local Sports Partnership facilitated 562 Sports Leaders and Volunteers to complete 36 Safeguarding training courses. The table below provides an overview of Safeguarding training facilitated by Louth LSP in 2025:

Course Type	Date of course	No. Attended	Male	Female
SG1	January 16th	19	11	8

SG1	December 20th	27	22	5

Volunteer & Coach Education

Developing the skills and knowledge of coaches, volunteers, teachers, and community leaders remains a key priority for Louth LSP. Through a comprehensive education and training programme, we continue to strengthen the capacity of clubs, schools, and community organisations to deliver safe, inclusive, and high-quality opportunities for participation in sport and physical activity.

In 2025, Louth LSP delivered a range of training opportunities focused on inclusion, coaching, leadership, and volunteer development.

Disability focused education remained a key area of delivery, with 46 participants completing Disability Inclusion Training, 17 participants attending Autism in Sport Training, and 63 participants completing Sport Inclusion & Disability Awareness Workshops. These courses provided practical guidance on creating welcoming and inclusive environments for people with disabilities and those with additional needs.

To further support inclusive participation, Louth LSP partnered with Vision Sports Ireland to deliver Tandem Pilot Training, with 6 volunteers gaining the skills and confidence required to support cyclists with visual impairments.

Coach education was another important focus during the year. 31 coaches and volunteers completed Coaching Children Workshops, while 12 participants attended the Coaching Teenage Girls Workshop delivered as part of Women in Sport Week. In addition, 34 participants completed Physical Literacy training, enhancing their understanding of how to develop movement skills, confidence, and lifelong engagement in physical activity.

Youth leadership continued to be a major success story in 2025. Louth LSP delivered five Level 1 Sports Leadership Awards, engaging 172 young people, while a further 389 students completed Transition Year Sports Leadership Awards across secondary schools in the county. These programmes helped participants develop leadership, communication, teamwork, and organisational skills while encouraging greater involvement in sport and physical activity.

Louth LSP also continued to support the development of community walking opportunities through Walk Leader Training, with 27 volunteers completing the programme and gaining the skills required to lead safe and enjoyable group walks within their communities.

Overall, 797 coaches, volunteers, community leaders, and young people participated in training and education programmes facilitated by Louth LSP during 2025, helping to build a stronger, more inclusive, and sustainable sports sector across the county.

2.5. LSP Participation Initiatives

Louth Local Sports Partnership's mission to increase participation in sport and physical activity was reflected in the delivery of over 543 participation initiatives during 2025. Programmes were delivered across a variety of accessible settings, including sports clubs, schools, community groups, community centres, greenways, parks and virtual platforms.

OUR TARGET GROUPS

2.6. Participation Initiative Highlights 2025

2025 was another exceptionally busy and successful year for Louth Local Sports Partnership, with 22,987 participants taking part in our programmes, events, training courses and initiatives. Through targeted interventions, inclusive opportunities and strong partnerships, we continued to support people of all ages and abilities to become more active and engaged in sport and physical activity.

The following highlights showcase just some of the achievements, successes and positive outcomes delivered across Co. Louth during the year.

Sport Inclusion Disability Programmes

The Sport Inclusion Disability Programme supports Louth Local Sports Partnership's commitment to increasing participation opportunities for people with disabilities and creating more inclusive pathways into sport and physical activity across Co. Louth.

Partnership working remains at the heart of the programme. Through collaboration with sports clubs, NGBs, schools, disability services, community organisations, leisure facilities and participants themselves, Louth LSP works to remove barriers to participation and strengthen inclusive opportunities at a local level.

These partnerships play a vital role in developing new initiatives while also supporting the growth and sustainability of existing programmes. By working collectively, Louth LSP helps ensure that people with disabilities have greater access to regular, meaningful and enjoyable opportunities to participate in sport and physical activity within their communities.

The following table outlines some of the participation initiatives delivered through the Sport Inclusion Disability Programme during 2025 in partnership with local clubs, organisations and NGBs throughout Co. Louth.

Initiative	Activity Type	Number of Participants
GAA All Stars	GAA	189
Football for All	Soccer	59
Disability Inclusion Training	Coach Education	42
Louth Sport Ability Day	Multi-Sport	65
Louth Disability Cycling	Cycling	31
Her Moves Activities	Multi-Sport	12
Her Outdoors Activities	Outdoor Adventure	17
Hockey 4 All	Hockey	12
High 5 Boxing	Boxing	12
Inclusive Summer Camps	Multi-Sport	78
GAA All Stars Camp	GAA	25
NE Thunder Wheelchair Basketball	Wheelchair Basketball	23
Dundalk Boccia	Boccia	6
Day Services Exercise Programme	Multi Activity	14
Inclusive Rugby	Rugby	26
Inclusive Couch to 5k	Walking/Running	31

Louth All Stars GAA for All

Louth Local Sports Partnership in partnership with Louth GAA continued to work with local GAA clubs and has developed several All-Star GAA for All programmes to support children with disabilities to participate in Gaelic Games within the mainstream club environment. A total of 15 clubs have now developed their programmes including 2 new clubs in 2025; Clan Na Gael GFC, & Geraldines GFC.

The full list of clubs is listed below.

- Cooley Kickhams
- Clan Na Gael
- Naomh Mairtin
- Stabannon Parnells
- Oliver Plunketts
- Roche Emmets
- Geraldines GFC
- St. Brides
- O'Raghallaigh's
- St. Fechin's
- Glen Emmets
- St. Patrick's
- St. Mary's Ardee
- Naomh Fionnbarra
- Newtown Blues GAA

All coaches and volunteers were trained as appropriate in Safeguarding, First Aid, and Disability Inclusion to support the delivery of their programmes in 2025.

A total of 189 children with a disability took part in the programmes delivered by the clubs in 2025.

Louth Sport Ability Day

Louth Local Sports Partnership was proud to mark International Day of Persons with Disabilities by hosting its third annual Sport Ability Day on Sunday, December 7th at Dundalk Sports Centre. The event showcased the wide variety of inclusive sport and physical activity opportunities available for people with disabilities throughout Co. Louth.

The Sport Ability Day brought together local clubs, organisations, participants, and families for a fun and interactive day of activity. Attendees had the opportunity to try a range of sports and activities, including GAA, football, cycling, dance, yoga, wheelchair basketball, and many others, highlighting the importance of accessibility and inclusion in sport.

The event also featured information stands from a number of disability sport organisations, including IWA Sport, Active Disability Ireland, Vision Sports Ireland, and Special Olympics Ireland.

These organisations provided valuable information on programmes, supports, and pathways available to help people with disabilities become more active and engaged in sport and physical activity.

Sport Ability Day continues to be a key event in promoting inclusive participation and raising awareness of the opportunities available for people with disabilities to enjoy the physical, social, and wellbeing benefits of sport and activity.

Football For All

Working in collaboration with the FAI and local football clubs, Louth LSP supported the continued delivery and development of Football for All initiatives across the county, ensuring that children and young people with disabilities and additional needs had opportunities to participate in football within their local communities.

During the year, Walshestown FC and Albion Rovers FC successfully delivered a Football for All programme that provided a structured and inclusive environment for participants with a range of abilities, including those with physical, intellectual, sensory disabilities and autism.
The programme focused on developing fundamental movement skills, building confidence, fostering social interaction, and creating positive experiences through sport.

Louth LSP also continued to engage with clubs across the county, including Glenmuir United FC, to promote inclusive practices and strengthen participation pathways for people with disabilities. Through these partnerships, clubs were encouraged and supported to create welcoming environments where players of all abilities could enjoy the benefits of regular participation in football.

The continued growth of Football for All initiatives reflects the commitment of local clubs, volunteers, coaches, and partner organisations to making football accessible to everyone.

Louth School Girls League Positive Sidelines Campaign

In 2025, the Louth School Girls League, with the support of Louth Local Sports Partnership, continued to promote its Positive Sidelines Campaign, an initiative aimed at creating a positive, supportive and enjoyable environment for all players, coaches, referees and spectators.

The campaign encourages parents, guardians and supporters to focus on positive encouragement from the sidelines, helping young players to learn, develop and enjoy the game in a safe and respectful atmosphere. Key messages include respecting referees and officials, allowing coaches to coach, encouraging players regardless of the result, and ensuring that the overall match day experience remains positive for everyone involved.

High 5 Inclusive Boxing

In 2025, Louth Local Sports Partnership supported the continued development of the High 5 Inclusive Boxing programme in collaboration with Clann Naofa Boxing Club in Dundalk. As part of the initiative, the club accessed Disability Inclusion Training and Autism in Sport Training, while also receiving funding through Louth LSP's Small Club Grant to purchase essential equipment for the sessions.

The High 5 programme offers inclusive boxing sessions specifically designed for children with autism and additional needs. The programme has been a great success, with 12 children attending weekly sessions that support the development of their physical abilities, social skills, and self-confidence in a fun and welcoming environment.

National Bike Week

National Bike Week 2025, held from 10th to 18th May, was a great success in Louth, with 45 events taking place across the county and engaging 2,108 participants in a wide range of cycling opportunities, training sessions and workshops.

Bike Week Louth is an integral part of the National Bike Week initiative and is coordinated locally by a multi agency partnership comprising Louth Local Sports Partnership and Louth County Council.

Each year, Bike Week in Louth is supported by numerous community groups, organisations, cycling clubs, schools, workplaces and disability services that organise and participate in events throughout the week. This collaborative approach helps to promote cycling as an accessible, enjoyable and sustainable form of transport and recreation for people of all ages and abilities across Co. Louth.

National Play Day

Louth Local Sports Partnership, in partnership with St. Kevins GAA, Philipstown, successfully hosted a National Play Day event on Saturday, July 5th celebrating the importance of play for children and young people across the county.

National Play Day aims to promote play opportunities for children and young people and to highlight the vital role that play has in healthy development, wellbeing and social connection. The theme for 2025 encouraged families and communities to recognise the value of making time for play and creating environments where children can be active, creative and engaged.

The event attracted 350 children, alongside their parents, guardians and siblings, who enjoyed a wide range of fun, inclusive and engaging activities throughout the day. The success of the event reflected the strong commitment of local partners, volunteers and families in supporting opportunities for children to play, learn and thrive within their communities.

National Play Day continues to provide an important platform for promoting the benefits of play and encouraging active, healthy lifestyles among children and young people across Co. Louth.

HER Outdoors Week

As part of Sport Ireland's HER Outdoors Week 2025, Louth Local Sports Partnership, delivered a comprehensive programme of outdoor physical activity and sport opportunities for females of all ages and abilities.

Throughout the week, 609 women and girls participated in a wide range of outdoor activities, showcasing the diversity of opportunities available across the county. Activities included Archery, Open Water Swimming, Equestrian, Orienteering, Kayaking, Stand Up Paddleboarding, Hiking, Nordic Walking, River Rowing, and other outdoor recreation experiences designed to encourage participation and enjoyment in natural settings.

A strong emphasis was placed on inclusion, with opportunities for females with disabilities integrated throughout the programme. This ensured that HER Outdoors Week in Louth remained accessible, welcoming, and supportive of women and girls of all abilities to engage in outdoor activity.

HER Moves

In 2025, Louth Local Sports Partnership supported teenage girls to become more active through Sport Ireland's 'Her Moves' campaign, which is designed to inspire and empower teenage girls to engage in sport and physical activity by helping them find what moves them.

As part of this initiative, Louth LSP partnered with Drogheda Wolves Basketball Club to establish a 'Sister Club', offering a non-competitive, fun-based environment for girls to play basketball. The programme was a resounding success, with 16 girls participating weekly - many of whom were trying basketball for the very first time.

In addition, Louth LSP developed a Summit Sisters Programme, giving teenage girls the opportunity to explore the Cooley Mountains, while also rolling out Martial Arts and Archery programmes in Dundalk and Ardee, further expanding the range of inclusive, engaging activities available to girls across the county.

A GLUAISEACHTAÍ HERMOVES

Sport 4 Empowerment (ESF+) Programme

In 2025, Louth Local Sports Partnership launched the Sport 4 Empowerment (S4E) Programme, a significant new initiative funded through the European Social Fund Plus (ESF+) and led nationally by Sport Ireland. The programme uses sport and physical activity as tools for social inclusion, supporting individuals who may be at risk of social exclusion or poverty to access new opportunities, build confidence, strengthen social connections and improve their overall wellbeing. The initiative is co-funded by the Government of Ireland and the European Union and forms part of Sport Ireland's national commitment to creating more inclusive and equitable participation opportunities across the country.

Through the appointment of an ESF+ Social Innovation in Sport Officer and the development of local partnerships, Louth LSP began engaging with communities to identify barriers to participation and co-design innovative programmes that respond to local needs. The Sport 4 Empowerment programme focuses on increasing participation in sport and physical activity, enhancing education and training opportunities, improving employment prospects and promoting greater social inclusion.

Primary Schools' Basketball Programme

In 2025, Louth Local Sports Partnership, in collaboration with Drogheda Wolves Basketball Club, continued to successfully deliver the Primary Schools Basketball Programme across a number of primary schools in the Drogheda area. The programme aimed to introduce children to basketball through fun, structured coaching sessions delivered during the school day, supporting both Physical Education curricula and Active School Flag initiatives.

The programme focused on developing fundamental movement skills, coordination, teamwork and confidence, while teaching the core skills of basketball in an inclusive and enjoyable environment. Sessions were designed to cater for children of all abilities, ensuring that every participant had the opportunity to engage, learn and develop their skills.

Throughout the year, hundreds of children participated in the programme, with many being introduced to basketball for the first time. The initiative has played an important role in increasing awareness of the sport and encouraging greater participation among young people across the Drogheda region. A number of participants have since progressed to join Drogheda Wolves Basketball Club and other local basketball clubs, supporting the long term development of the sport within Co. Louth.

Sarah Fagan Women's Lap of Louth

The Women's Lap of Louth Cycling Sportive took place on Sunday, 17th August 2025 as part of HER Outdoors Week 2025. Supported by Louth Local Sports Partnership and delivered by Cuchulainn Cycling Club, the event provided an excellent opportunity for women to experience the benefits of cycling in a friendly, inclusive and supportive environment.

The sportive attracted 300 female cyclists, highlighting the continued growth of women's participation in cycling across Co. Louth and beyond. Participants had the option of completing either a 50km or 90km route, taking in some of the county's most scenic roads and landscapes.

As part of HER Outdoors Week, the Women's Lap of Louth promoted the importance of outdoor physical activity and encouraged more women to engage in sport and recreation showcasing the opportunities available for women to be active within their local communities.

Launch of SportUile Project

SportUile is a joint initiative between Louth Local Sports Partnership and Meath Local Sports Partnership that uses sport and physical activity as a tool to strengthen communities across Drogheda and East Meath. The project was developed to support the objectives of the Drogheda Implementation Plan and adopts a community-led approach to improving wellbeing, inclusion, participation, and community safety through sport.

The name SportUile reflects the project's ethos of inclusion and unity. "Sport" represents the vehicle for change, while the Irish word "Uile" means "all" or "everyone", highlighting the ambition to create opportunities for people of all ages, abilities, and backgrounds.

The five-year project secured multi-annual funding from Sport Ireland, alongside support from Louth County Council and Meath County Council, enabling dedicated staff to work directly within communities across the region.

The initiative focuses on increasing participation in sport and physical activity, engaging underrepresented and marginalised groups, developing local leadership, supporting women and girls, and creating stronger links between sports clubs, schools, community organisations, and statutory agencies.

Outdoor Swimming Infrastructure Development

During 2025, Louth Local Sports Partnership secured a €20,000 capital grant through the Healthy Ireland Outdoor Swimming Fund to enhance outdoor swimming infrastructure and support participation in open water swimming across Co. Louth.

Working in collaboration with Sport Ireland and Louth County Council, the funding was invested in the provision of three movable double beach changing cabins. The cabins were installed at Clogherhead, Port, and Templetown beaches.

The introduction of these facilities improved the accessibility, comfort and overall user experience for the growing number of people engaging in outdoor swimming and coastal recreation in the county. The movable design of the cabins also provided operational flexibility, allowing them to be relocated or protected during periods of adverse weather.

Louth Sports Club Volunteer of the Year Awards

Recognising and celebrating the contribution of volunteers remained a key priority for Louth Local Sports Partnership throughout 2025. The annual Louth Sports Club Volunteer of the Year Awards, held on 10 November 2025, provided an opportunity to acknowledge the individuals whose dedication, commitment and passion continue to strengthen sport and physical activity opportunities across Co. Louth.

The awards programme attracted 100 nominations from sports clubs throughout the county, highlighting the exceptional level of volunteer engagement across the sporting sector.

Volunteers representing a broad range of sports, including athletics, Gaelic games, soccer, rugby, cycling, rowing, swimming, basketball, martial arts, disability sport and community recreation, were recognised for their invaluable contributions.

The awards ceremony brought together volunteers, club members, public representatives, partner organisations and sporting stakeholders to celebrate the individuals who work tirelessly behind the scenes to ensure the continued success of local clubs and programmes. From coaching and administration to fundraising, event organisation and facility management, volunteers remain the cornerstone of community sport in Co. Louth.

Louth LSP extends its sincere appreciation to all volunteers who give generously of their time throughout the year. Their efforts are fundamental to the delivery of quality sporting experiences and to the continued growth and development of community sport across the county.

Ethnic Minority Integration through Sport

Louth LSP continued to use sport and physical activity as a powerful tool for promoting inclusion, community connection, and wellbeing among ethnic minority communities across Co. Louth.

A range of opportunities were provided to support participation among people from diverse cultural backgrounds, creating welcoming environments where individuals and families could become active, meet new people, and strengthen their connection to their local communities.

In partnership with Drogheda Wolves Basketball Club, Louth LSP delivered Integration Summer Camps that brought together children and young people from a variety of backgrounds. Through basketball, games, and team building activities, participants developed new skills, built confidence, and formed friendships in a positive and inclusive setting.

Working with Dowdallshill GAA Club, Louth LSP supported an Integration Programme that introduced participants from diverse ethnic backgrounds to Gaelic games and club life. The initiative provided opportunities to learn new skills and become involved in community-based activities. The programme was a huge success with a number of the participants now playing on the club's underage and senior teams.

These programmes demonstrated the important role that sport can play in bringing people together, breaking down barriers, and creating opportunities for participation and belonging.

Women's Social Sports Programmes

Louth Local Sports Partnership continued to successfully deliver its Social Sports for Women Programme throughout 2025, providing regular opportunities for women to participate in football, hockey and basketball in a fun, welcoming and supportive environment. The programme operated across Drogheda, Dundalk and Philipstown, with over 65 women participating on a weekly basis.

The programme is specifically targeted at women aged 18 years and over who are not currently participating in competitive sport. Through a non-competitive and recreational approach, participants are encouraged to become more physically active, develop new skills and enjoy the social benefits associated with team-based activities.

The programme supports the objectives of Sport Ireland's Women in Sport Policy, which aims to increase female participation in sport and physical activity and ensure that women have opportunities to remain engaged in sport throughout their lives.

Weekly sessions focus on participation, enjoyment and social interaction, creating an inclusive environment where women of all abilities can take part. The programme has been particularly successful in engaging women who may be returning to sport after an extended period of inactivity, as well as those participating in organised sport for the first time.

Community Walking

In 2025, Louth Local Sports Partnership continued to support a network of 14 Community Walking Groups across Co. Louth, providing regular opportunities for people to be physically active within their local communities.

Meeting on a weekly basis, these groups offer accessible and inclusive walking opportunities for people of all ages and abilities. Each group is led by trained volunteer Walk Leaders who have completed Get Ireland Walking Walk Leader Training, ensuring participants can enjoy safe, welcoming and well organised walks throughout the year.

Men on the Move

In 2025, Louth Local Sports Partnership successfully delivered four Men on the Move programmes, engaging over 100 men aged 35 years and older from communities across Co. Louth.

Men on the Move is a community based health and wellbeing programme that uses physical activity as a gateway to encourage men to take a more active role in managing their overall health. The programme is specifically designed for men who may be inactive, returning to exercise after a prolonged absence, or looking to improve their physical fitness and wellbeing in a supportive group environment.

Participants took part in structured group exercise sessions twice weekly, adapted to suit varying fitness levels and abilities. In addition to the physical activity component, the programme incorporated health and wellbeing workshops, providing participants with practical information and guidance on topics such as healthy lifestyle choices, goal setting and behaviour change.

Each participant received a health information booklet, with regular follow up support and opportunities to monitor their progress throughout the programme.

Programmes were delivered in Cooley, Dundalk, Drogheda and Tallanstown, ensuring accessibility for participants from a range of communities throughout the county.

Youth Leadership

Developing young leaders through sport remains a key priority for Louth Local Sports Partnership. In 2025, Louth LSP continued to deliver both the TrY Sports Leadership Programme and the Level 1 Sports Leadership Award, providing young people across Co. Louth with opportunities to develop leadership skills, confidence and practical experience.

The TrY Sports Leadership Programme was delivered in secondary schools throughout the county, helping Transition Year students develop key skills such as communication, teamwork, organisation and decision making. A practical element of the programme required students to plan and lead physical activity sessions for their peers, allowing them to apply their learning in a practical setting.

Louth LSP also delivered the Level 1 Sports Leadership Award to young people aged 13-17 years from sports clubs, schools and community groups across the county. Participants developed the skills and confidence required to take on coaching, volunteering and leadership roles within their clubs and communities, receiving a nationally recognised qualification upon completion.

Both programmes continue to play an important role in developing the next generation of coaches, volunteers and community leaders, while creating positive pathways for young people to remain involved in sport and physical activity.

Daily Mile Lú

Daily Mile Lú, developed by Louth Local Sports Partnership and launched in 2023, continued to grow in 2025 as one of the county's flagship schools based physical activity initiatives. Designed to promote regular movement in a simple, inclusive and sustainable way, the programme has become an established part of the school day for thousands of primary school children across Co. Louth.

The initiative continued to support all 74 primary schools in the county, with classrooms provided with Daily Mile Lú resource packs in both English and Irish. The programme encourages pupils to engage in 15 minutes of daily physical activity, whether through walking, jogging, running, or other forms of movement appropriate to their abilities and school environment.

Using classroom wall charts and activity tracking resources, pupils are encouraged to monitor their progress and build positive daily habits around physical activity. The flexibility of the programme allows schools to integrate movement into the school day in a way that suits their individual needs while ensuring that all children have the opportunity to participate.

Dundalk & Drogheda Parkruns

Louth Local Sports Partnership continued to support Parkrun and Junior Parkrun events in Dundalk and Drogheda throughout 2025. These free, volunteer led community events provide accessible opportunities for people of all ages and abilities to walk, jog, run or volunteer in a welcoming and inclusive environment.

Working alongside local organisers, Louth LSP supported the promotion of the events, encouraged volunteer development and helped raise awareness of the physical, mental and social benefits of regular participation. The events continue to attract strong community engagement, providing a sustainable pathway for individuals and families to become more physically active.

The continued success of Junior Parkrun in Dundalk has also provided children and young people with a fun, safe and structured opportunity to engage in regular physical activity, helping to develop positive activity habits from an early age.

Section 3

Communication & Partnerships

3

Louth LSP continues to act as a central information hub and key point of contact for communities across Co. Louth, providing guidance, support and access to a wide range of sport and physical activity opportunities.

The organisation plays a vital role in connecting individuals, clubs, schools, community groups and partner organisations with appropriate programmes, services and opportunities. Through its information Louth LSP supports people in finding local sports clubs, engaging with community based initiatives, accessing training and education opportunities, and becoming involved in volunteering within sport and physical activity.

A significant milestone for Louth LSP during 2025 was the launch of our new website in November. The redevelopment of the website represented an important investment in improving communication, accessibility and user experience for the people accessing the information online. Designed in line with European Accessibility Standards, the new website ensures that information, resources and programme opportunities are more accessible to all users, including people with disabilities. The enhanced platform provides a modern, user friendly experience and strengthens Louth LSP's ability to communicate effectively with participants, clubs, partners and the wider community.

Alongside the website, Louth LSP maintains a strong communications presence through a wide range of channels, including traditional media, digital newsletters, partner networks and social media platforms. These channels enable the organisation to promote programmes, celebrate achievements, share success stories and provide timely information on opportunities to participate in sport and physical activity.

The following section outlines the breadth of communication activity undertaken by Louth LSP throughout the year and highlights the various platforms used to engage, inform and connect with communities across Co. Louth.

- 2024 LLSP Annual Report
- Daily Mile Lú Wallchart
- Ukrainian Safeguarding Information
- Sports Leader Booklets & Certificates
- TrY Sports Leader Booklets & Certificates
- Bike Week Certificates

Launch of new website

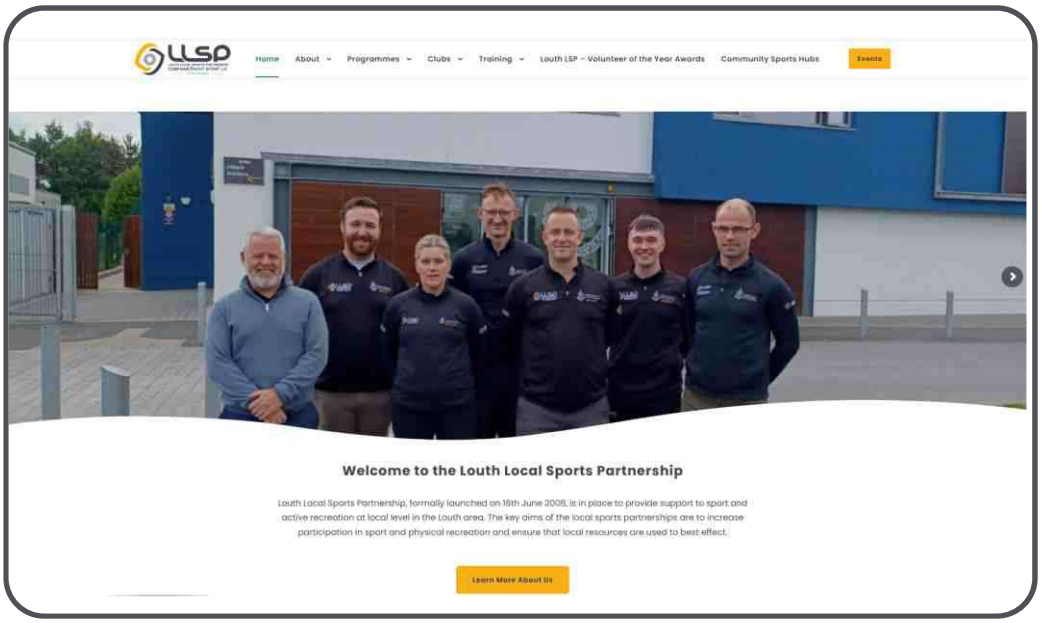

A significant milestone for us in 2025 was the launch of our new Louth Local Sports Partnership website in November. The redevelopment of the website represented a major investment in improving how we communicate, engage and provide information to participants, clubs, volunteers, community groups and partner organisations across Co. Louth.

The new website was designed in line with recognised European accessibility standards, ensuring that our online content is more accessible, inclusive and user-friendly for all members of the community. This included improvements to website navigation, readability, colour contrast, keyboard accessibility, mobile responsiveness and compatibility with assistive technologies such as screen readers. These enhancements help ensure that people of all abilities can access information about sport and physical activity opportunities in Co. Louth.

As the primary online hub for our organisation, the website provides easy access to programme information, event bookings, training and education opportunities, funding supports, club information, news updates and community resources.

Since its launch, the new website has delivered a significant increase in user engagement and visitor numbers, demonstrating the value of investing in an accessible, modern and user focused platform. Increased traffic to the site has enhanced our ability to promote programmes, share information and connect with communities throughout the county.

The launch of the new website supports our ambition to be the leading source of information on sport and physical activity in Co. Louth and provides a strong foundation for future digital engagement, communication and service delivery.

Networking, Advocacy and Awareness Raising

Local networks and committees bring together sports clubs, statutory and non-statutory agencies, volunteers and other working partners and provide opportunities for partnership endeavours that influence and resource sport and physical activity at county and national level. These networking and awareness raising actions allow for an increase in the reach of the CSP, as well as profiling their ongoing work. They are also a sounding board for advice and recommendations as to what the LSP can do to assist sports clubs and partners.

List of Committees & Boards with LLSP representation in 2025

1. Drogheda Implementation Board
2. LMETB Youth Work Committee
3. Healthy Louth Steering Group
4. Louth Volunteer Framework Steering Group
5. Louth School Girls League
6. FAI Louth Garda Youth Project
7. Federation of Irish Sport
8. Sport Ireland Sport for Empowerment Working Steering Group
9. FAI Football for All Strategic Plan Working Group

Partnership Engagement

Louth LSP aims to lead and coordinate sport and physical activity opportunities locally. Developing partnerships with other organisations to promote physical activity and sport within Louth is also key to our work. To this end Louth LSP engaged with over 50 local, regional, national and international organisations in 2025.

St. Oliver's College HER Moves Cheerleading

Project Description

Louth Local Sports Partnership partnered with Phoenix Baton Twirlers Club in Drogheda and St. Oliver's Community College to deliver an innovative six-week Her Moves programme aimed at increasing teenage girls' participation in sport and re-establishing a cheer section within the club.

As the largest secondary school in the county and a DEIS school, St. Oliver's welcomed the chance to offer students a fun, alternative way to be active that challenged traditional ideas of what being “sporty” looks like. The programme placed the girls' voices at its core: they chose the music, co-designed a bespoke kit, and shaped the overall style of the sessions. This approach reflected the Her Moves principles of voice, choice, and building on existing interests such as creativity and music.

The programme concluded with an empowering cheer performance at half-time during the school's teacher-student basketball match a proud moment that showcased the girls' confidence, teamwork, and progress.

Key Outcomes

1. The club has increased participation within the cheer section with 6 of the participants on this programme becoming members of the club.
2. The teacher overseeing the programme is continuing cheerleading classes after school with original participants supporting new girls in the activity.
3. The club is now working closely with Louth Local Sports Partnership to replicate this programme within other school settings in the county.

Next Steps

1. The school are working closely with Louth LSP to acquire equipment to run a follow on programme within the club.
2. The pupils and teachers are working to establish a Cheer Club within the school with ambitions to travel to matches and perform during half time periods.
3. The club has upskilled two of the older teen members to assist in delivering the school programmes thus empowering a pathway to lifelong participation.

"The half-time performance was brilliant. The girls really enjoyed it, and I loved the smiles of pride on their faces. I expected some to be shy, but they absolutely embraced it. We now have even more students wanting to get involved next school year."

Teacher

"I love our T-shirts - I can't believe we actually designed these!"

Participant

Key Learnings

The development of the Phoenix Cheer programme demonstrated the value of actively involving the girls in key decisions such as music selection and kit design. By shaping sessions around interests, they already held, the programme fostered a strong sense of ownership, belonging, and excitement. This was reflected in consistently high attendance throughout the six weeks and in the school's request for support in replicating the programme with additional year groups.

The final performance further strengthened the girls' confidence and pride, showcasing both their individual growth and their collective achievement. For many, it marked a clear personal milestone — a moment where their commitment, teamwork, and creativity came together in a powerful, uplifting way.

Section 5

Looking forward to 2026

5

Reflecting on 2025, the continued commitment, leadership and innovation of the LSP staff team, LSP Committee and the wider Sports Unit staff team in Louth County Council remains central to the LSP's ability to deliver a meaningful impact across communities in Co. Louth through Sport & Physical Activity.

The organisation's ability to adapt, respond, and innovate has ensured that our programmes remain relevant, inclusive and impactful to participants and the wider community.

The oversight provided by the LSP committee continues to be a key component of Louth LSP's success. The committee's active engagement and guidance provide clear direction and insights ensuring that the organisation is well positioned to meet its ambitions and goals.

In looking forward to 2026, the focus remains firmly on strengthening the foundations of sport and physical activity in Co. Louth while expanding the reach, impact and partnerships through our work.

The team in Louth LSP will focus on the following key areas in 2026;

Strategic Planning & Alignment

Louth LSP will continue to implement and review its strategic framework, ensuring alignment with Sport Ireland's strategic direction, the National Sports Policy, and relevant Local Authority plans. This will underpin programme development and organisational decision making.

A key development in this area during 2026 will be the implementation of the newly launched Louth Local Sports Plan, Louth Outdoor Recreation Plan and Louth Local Play Policy. These important frameworks provide a shared vision for increasing participation, improving access to opportunities and creating healthier, more active and connected communities throughout Co. Louth.

The Local Sports Plan will guide the future development of sport and physical activity across the county, with a particular focus on increasing participation, supporting clubs and volunteers, promoting inclusion and creating lifelong pathways into sport and physical activity. The Outdoor Recreation Plan will support the sustainable development and promotion of Louth's natural amenities and outdoor recreation opportunities, while the Local Play Policy will help ensure that children and young people have greater access to quality play opportunities within their communities.

Looking ahead to 2026, our focus will be on translating these strategic plans into meaningful actions and outcomes. Through continued collaboration with Sport Ireland, Louth County Council, National Governing Bodies, community organisations, schools and local clubs, we will work to deliver on the ambitions outlined within these plans and strengthen opportunities for participation, recreation and play across the county.

Programmes & Development

The continued development and delivery of high quality, inclusive and impactful programmes will remain a core priority for Louth Local Sports Partnership in 2026. Building on the strong foundations established in recent years, we will continue to work collaboratively with Sport Ireland, NGBs, community organisations, schools, statutory agencies and local clubs to create opportunities that encourage lifelong participation in sport and physical activity.

The delivery of our programme portfolio will continue to be supported through a combination of Sport Ireland Core Funding and Dormant Accounts Funding, enabling us to invest in targeted initiatives that address inequalities in participation and support those who are least active.

These funding streams will allow us to expand opportunities for women and girls, people with disabilities, older adults, disadvantaged communities, minority ethnic groups and those facing social or economic barriers to participation.

In 2026, we will further develop initiatives through the SportUile project, using sport and physical activity as a vehicle for social inclusion, personal development and community engagement. Working with young people and local partners, SportUile will continue to create opportunities that develop confidence, leadership, resilience and positive social connections, while supporting participants to progress into volunteering, education, training and community sport.

The launch of our Walking for All programme in January 2026 will be a major priority for Louth Local Sports Partnership. Walking is one of the most accessible, inclusive and sustainable forms of physical activity and provides an ideal opportunity for individuals who may be inactive, returning to exercise, living with a health condition or seeking greater social connection within their community.

During 2026, we will work closely with local communities, health services, community organisations and volunteers to establish a countywide network of walking opportunities. A particular focus will be placed on engaging older adults, individuals experiencing social isolation, people with disabilities and those who may face barriers to participation in more structured forms of physical activity.

Key priorities will include the establishment of new community walking groups, the recruitment and training of volunteer walk leaders and the development of sustainable local walking networks that can continue to grow within communities. By empowering local volunteers and community champions, we aim to create long term opportunities for people to be active closer to where they live.

The programme will contribute to a range of health and wellbeing outcomes, supporting participants to improve physical fitness, mental wellbeing and social connectedness. Walking groups will also provide valuable opportunities for people to meet others, build friendships and strengthen community connections, helping to reduce loneliness and social isolation.

Louth LSP will also continue to play a leading role in the delivery of several national participation campaigns and initiatives that provide opportunities for communities to engage with sport and physical activity.

Bike Week will once again feature prominently within our annual programme calendar, encouraging people of all ages to cycle for recreation, transport and health. Through a range of community events, school initiatives, family programmes and skills sessions, we will promote cycling as an accessible and sustainable form of physical activity.

Her Outdoors will continue to support increased participation among women and girls by providing opportunities to experience a variety of outdoor activities in a supportive and welcoming environment. The programme will encourage women to engage with the outdoors, build confidence and discover new ways to be active.

Through National Play Day, we will support initiatives that promote the importance of play in children's development, health and wellbeing. In partnership with Louth County Council and community organisations, we will encourage active play opportunities that align with the ambitions of the newly launched Louth Local Play Policy.

Alongside these initiatives, we will continue to deliver a comprehensive programme of education, training and development opportunities for clubs, coaches, volunteers and community leaders. Strengthening the capacity of local clubs and organisations remains central to the long-term sustainability of sport and physical activity within Co. Louth.

As demand for our programmes and services continues to grow, we will remain focused on maintaining high standards of delivery, strengthening monitoring and evaluation processes and ensuring that our work continues to reflect the needs of local communities.

Club and Volunteer Development

The development and sustainability of sports clubs, volunteers, coaches and community leaders will remain a key priority for Louth Local Sports Partnership in 2026. Recognising that volunteers are the foundation of community sport, we will continue to invest in initiatives that strengthen the capacity of local clubs and provide opportunities for volunteers to develop the skills and knowledge required to support participation across Co. Louth.

Through a comprehensive programme of training, education and capacity-building supports, we will continue to provide opportunities for coaches, volunteers and club officers to access relevant training and development programmes that support the delivery of safe, inclusive and high-quality sporting experiences.

Volunteer recruitment and retention will continue to be a significant priority as demand for sport and physical activity opportunities grows across the county. Louth LSP will work with clubs and community organisations to promote volunteering pathways, recognise volunteer contributions and support the development of the next generation of coaches, leaders and administrators.

Building on the success of the Louth Sports Club Volunteer Awards, we will continue to celebrate and recognise the outstanding contribution made by volunteers throughout Co. Louth. These awards provide an important opportunity to acknowledge the individuals who give their time, expertise and commitment to supporting sport and physical activity in their communities and whose efforts are essential to the continued success of the sporting sector.

In 2026, we will also seek to strengthen connections between clubs, schools, community groups and partner organisations, helping to create sustainable participation pathways and encouraging greater collaboration across the sporting landscape. Through continued investment in clubs and volunteers we will support a stronger, more resilient sport and physical activity sector capable of meeting the needs of communities throughout Co. Louth.

Communications & Partnerships

Effective communication and strong partnerships will remain central to the work of Louth LSP in 2026. As the recognised hub for sport and physical activity information within Co. Louth, we will continue to strengthen how we engage with communities, stakeholders and partners to ensure that opportunities are visible, accessible and responsive to local needs.

Building on the successful launch of our new website in November 2025, we will continue to invest in digital communications and enhance our role as the primary source of information on sport and physical activity in Co. Louth. During 2026, we will focus on increasing website usage, improving user engagement, expanding online booking and registration systems and ensuring that residents can easily access information on programmes, events, funding opportunities, training courses and local sports clubs.

Social media, digital storytelling, photography and video content will continue to play an important role in promoting participation opportunities and showcasing the impact of our work. By highlighting participant experiences, volunteer contributions, club achievements and community success stories, we will seek to inspire greater involvement in sport and physical activity while demonstrating the value of investment in the sector.

We will also continue to strengthen our traditional communication channels through local media engagement, newsletters, publications and community outreach. Clear and consistent communication will be essential in ensuring that the broad range of opportunities available through Louth LSP and its partners reaches as many people as possible.

Partnership working will continue to be fundamental to our success. In 2026, we will further strengthen collaboration with Sport Ireland, Louth County Council, National Governing Bodies of Sport, HSE, educational institutions, community and voluntary organisations. These partnerships play a vital role in extending our reach, improving programme delivery and ensuring that resources are used effectively to achieve shared outcomes.

Governance

Strong governance will remain a cornerstone of Louth Local Sports Partnership's work in 2026, ensuring that the organisation continues to operate to the highest standards of accountability, transparency and effectiveness. Effective governance structures are essential in supporting programme delivery, maintaining stakeholder confidence and ensuring that public funding is managed responsibly and delivers maximum benefit for communities across Co. Louth.

In 2026, Louth LSP will continue to maintain and strengthen its compliance with the Governance Code for Sport, demonstrating our commitment to good governance practices and continual organisational improvement. Adherence to the Governance Code provides assurance that the organisation operates in a transparent, ethical and accountable manner while maintaining appropriate governance structures, financial controls, risk management processes and decision-making procedures.

A key priority will be to continue reviewing and strengthening organisational policies, procedures and governance systems to ensure compliance with Sport Ireland requirements and best practice standards. This will include ongoing attention to areas such as financial management, safeguarding, risk management, data protection, equality, diversity and inclusion.

The organisation will also continue to work closely with Sport Ireland and Louth County Council to ensure strong alignment between local delivery and national policy objectives. Through effective governance and strategic oversight, we will ensure that investment in sport and physical activity continues to deliver positive outcomes for individuals, clubs and communities throughout the county.

Monitoring, Evaluation & Impact

Monitoring, evaluation and impact measurement will remain a key priority for Louth Local Sports Partnership in 2026 as we continue to strengthen our ability to demonstrate the value and effectiveness of our work across Co. Louth.

As investment in sport and physical activity continues to grow, it is increasingly important that we can clearly evidence the outcomes and benefits generated through our programmes, services and partnerships. Robust monitoring and evaluation processes will support informed decision making, ensure resources are targeted effectively and help us identify opportunities for continuous improvement.

Throughout 2026, we will continue to enhance our data collection, reporting and evaluation systems across all areas of the organisation. This will include monitoring participation levels, programme outcomes, community engagement, digital communications and stakeholder satisfaction. By combining quantitative data with participant feedback, case studies and success stories, we will develop a more comprehensive understanding of the impact of our work.

Attention will be given to measuring outcomes in key priority areas, including participation among underrepresented groups, volunteer development, club capacity building, health and wellbeing improvements, social inclusion and community engagement. This information will help us assess the effectiveness of programmes and ensure that future initiatives continue to respond to the needs of local communities.

Following the launch of our new website in late 2025, we will also place greater emphasis on digital analytics and communications reporting. Monitoring website traffic, engagement levels, programme registrations, social media performance and online interactions will provide valuable insights into how communities access information and engage with sport and physical activity opportunities.
